

RURBAN COMMUNITIES SUPPORT FOUNDATION (RURBAN AFRICA) QUARTERLY REPORT – SECOND QUARTER 2026 (APRIL – JUNE)

SUMMARY

The second quarter of 2026 was marked by significant educational outreach, and strategic alignment with our mission to bridge the rural-urban divide. A highlight was our impactful commemoration of **Africa Day**, which reinforced themes of **education, hygiene, unity, and pride in Africa’s future**. We reached hundreds of young learners directly while advancing our programs in WASH (Water, Sanitation, and Hygiene), and community transformation.

Progress was also recorded in other areas, including preparatory work for rural livelihood initiatives and the soft launch of **The Great Mission** - our values-based component focused on personal development, leadership, and ethical transformation. These efforts continue to position Rurban Africa as a catalyst for inclusive growth in Nigeria and beyond.

KEY ACTIVITIES AND ACHIEVEMENTS

1. AFRICA DAY CELEBRATION: RISING CLEAN, RISING STRONG

On May 25, 2026, Rurban Africa celebrated Africa Day with pupils and students of ESUT Primary and Secondary School in Agbani, Enugu State. The event, themed **“Rising Clean, Rising Strong: Education and Pride for Africa’s Future”**, aligned with the African Union’s 2026 emphasis on sustainable water availability and safe sanitation.

HIGHLIGHTS INCLUDED:

- a. An interactive session titled **“Rising with Africa: Dreams, Hygiene and Unity”**.
- b. Motivational address to students on dreaming big, embracing education as a tool for personal and continental advancement, and “Rising with Africa” through collective responsibility.
- c. Distribution of 200 copies of Rurban Africa Pledge Notebooks to pupils and students. These notebooks feature inspirational messages, daily pledge for personal excellence, and community service.

- d. Recitation of the Rurban Africa Pledge by all participants, fostering a sense of ownership and commitment to Africa's future.
- e. Practical hand-washing demonstration session to promote good hygiene practices, in line with WASH objectives and the event theme.

The program successfully engaged pupils, students, teachers, and school administrators in a lively, educational atmosphere that blended fun with learning.

2. OTHER NOTABLE ACTIVITIES

- a. WASH and Hygiene Advocacy: Building on the Africa Day event, the team conducted follow-up hygiene sensitization visits in select peri-urban communities around Enugu, reaching additional families with education on sanitation and clean water practices.
- b. Preparatory Work for Rural Empowerment Programs: Advanced planning for skills acquisition workshops targeting rural youth (digital literacy) scheduled for Q3.
- c. The Great Mission Soft Launch: As part of our holistic approach, we initiated community values sessions under The Great Mission. These sessions integrate personal development, ethical leadership, and inspiration alongside our core development activities, helping participants discover purpose and contribute meaningfully to their communities.
- d. Partnership Development: Strengthened collaborations with local schools, and potential donors for expanded outreach in education and livelihood support.

IMPACT AND REACH

- a. Direct Beneficiaries: Several students and pupils reached through the Africa Day event and related activities.
- b. Educational Materials: 200 Pledge Notebooks distributed, expected to support ongoing personal development.
- c. Behavioral Change: Increased awareness of hygiene practices and aspirational goal-setting among young participants.
- d. Visibility: Positive feedback from ESUT school authorities and enhanced local recognition for Rurban Africa's work.

These interventions contribute directly to our goals of reducing rural-urban migration through empowered, educated, and healthy communities.

CHALLENGES ENCOUNTERED

- a. Logistical coordination for larger-scale events in peri-urban areas.
- b. Limited funding for material distribution, which constrained the number of notebooks that could be provided.

FINANCIAL SUMMARY (SUMMARY)

Detailed financials are available upon request. Q2 spending focused primarily on educational materials, event logistics, and program planning, with strong cost-efficiency through local partnerships.

OUTLOOK FOR Q3 2026

- a. Rollout of planned youth skills program in rural communities.
- b. The Great Mission activities.
- c. Additional school outreach and WASH projects.
- d. Resource mobilization for scaled impact.

CONCLUSION

Q2 2026 reinforced Rurban Africa's commitment to building bridges between rural and urban Nigeria while investing in the next generation. The Africa Day celebration at ESUT exemplified our vision: **nurturing dreams, promoting cleanliness and strength, and fostering unity for a prosperous Africa.** We are grateful to our partners, volunteers, and the ESUT community for their collaboration. With sustained support, we look forward to even greater transformation in the coming quarters.
